

Proposed Position	:	Senior Geologist	
Name of Firm	:	Rodic Consultants Pvt. Ltd.	
Name of Staff	:	Mohan Nilaram Rahangdale	
Profession	:	Civil Engineering	
Date of Birth:	:	05 th Sep 1964	
Years with Firm/Entity	:	Available for this assignment	
Membership of Professional Societies	:	Nil	Nationality: Indian
Detailed Task Assigned	:	As mentioned in APPENDIX B-6 of the Proposal	

We have attached printout of cv along with all the relevant details uploaded on Infracon portal.

Certification by the Candidate

I, the undersigned, **(Mohan Nilaram Rahangdale C/o Rodic Consultants Pvt. Ltd., Plot No.17 Hingna Road, near Renuka Mandir, Renuka layout, Nagpur Maharashtra 440016)** undertake that this CV correctly describes myself, my qualifications and my experience and Employer would be at liberty to debar me if any information given in the CV, in particular the Summary of Qualification & Experience vis-à-vis the requirements as per TOR is found incorrect. I further undertake that I have neither been debarred by National Highway Authority of India (NHAI) or any other central/state government organization nor left any assignment with the consultants engaged by Employer / contracting firm (firm to be supervised now) for any continuing work of Employer without completing my assignment. I will be available for the entire duration of the current project **Consultancy Services for Authority's Engineer for Supervision of Construction of 4 lane (expandable to 8 lane) expressway for the connectivity to proposed Vadhavan port (from Vadhavan Port to Tawa Village on NH 48 (Design length=32.180Km) under NH (O) in the State of Maharashtra on EPC Mode.** If I leave this assignment in the middle of the work, Employer would be at liberty to debar me from taking any assignment in any of the Employer works for an appropriate period of time to be decided by the Employer. I have no objection if my services are extended by the Employer for this work in future.

I further undertake that my CV is being proposed for this project by **Rodic Consultant Pvt. Ltd.** and I have not given consent to any other consultant(s) to propose my CV for any position for this project.

I further undertake that if due to my inability to work on this project due to unavoidable circumstances, due to which consultant's firm is forced to seek replacement. In such unavoidable circumstances, I shall not undertake any employment in Employer projects during the period of assignment of this project and Employer shall consider my CV invalid till such time.

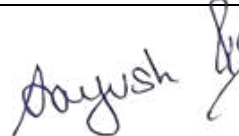

For Key Personnel having intermittent inputs, add the following:

I further certify that I am associated with the following assignments as on date (as on 7 days prior to due date for submission of proposal) including those for which LOA has been received by the firm and the inputs in these assignments shall not affect the work of the current assignment.

Name of Assignment	Client	Date of LOA	Likely start (Month / Year)	Likely end (Month / Year)	Total input of the person (man months)
					Date: 28/01/2026
[Signature of Key Personnel]					Day/Month/Year

Certification by the firm:

The undersigned on behalf of **(Rodic Consultants Pvt. Ltd.)** certify that **Shri Mohan Nilaram Rahangdale** to the best of our knowledge has neither been debarred by National Highway Authority of India (NHAI) or any other Central/State Government organization nor left his assignment with any other consulting firm engaged by the Employer /Contracting firm (firm to be supervised now) for the ongoing projects. We understand that if the information about leaving the past assignment is known to the Employer, Employer would be at liberty to remove the personnel from the present assignment and debar him for an appropriate period to be decided by the Employer.

 					Date: 28/01/2026

Name of Work	Retaining Structure/cut slope stabilization on valley side and hill side for Sikkim Airport at Pakyong		
Country	India		
State	SIKKIM		
Employer Name	Maccaferri Enviromental Solution Pvt Ltd		
Employer Address	Golf Course Extension Road, Sector-65,- Gurgaon		
Client	Punj Lloyd		
Client Address	95 Institutional Area, Sector 32, gurgaon 122001		
Client Contact Details			
Start Date	01/12/2009		
Completion Date:	25/05/2011		
Project Cost	264.00 RS (Cr.)		
Whether EPC or PPP or Hybrid Annuity Model	EPC		
Designation	Senior Geologist		
Description of Duties	Sikkim Airport, involving design for one of the world's highest reinforced soil structure with maximum height of the structure being 75m for construction of Airport project including stabilization of cut slope on hill side with height of cut extending upto 100m, Remedial measures of prevention of Slope protection, Slope Stability,1. Site visit and conceptualization of scheme for construction of reinforced soil structure. 2. Carry out geological survey 3. Prepare Geological plan and profile area 4. Attending meetings with the client

Major Activities	Highway Project Tunnel Project				
Project Status	Completed				
Completion Certificate	View File				
Name of Work	Independent Engineer services for the work of Rehabilitation, Strengthening and four laning of Chenani to Nashri Section of NH-1A, from Km 89.00 to km 130.00 (new alignment) including 9 km long tunnel (02 Lane) with 2 parallel escape tunnel, in the State of Jammu & Kashmir on BOT (Annuity) Basis; (Himalayan Geology; NATM). (Hilly Region)Time Spent: More than 1 year				
Country	India				
State	JAMMU and KASHMIR				
Employer Name	Segmental Consulting & Infrastructure Advisory Pvt Ltd				
Employer Address	Unit No. 419-421, Tower B-4, 4th Floor Spaze i Tech Park Sector 49, Sohna Road, Gurugram, Haryana 122002				
Client	NHAI				
Client Address	New Delhi				
Client Contact Details					
Start Date	01/06/2011				
Completion Date:	30/01/2013				
Project Cost	2,500.00 RS (Cr.)				
Whether EPC or PPP or Hybrid Annuity Model	PPP				
Designation	Senior Geologist				
Description of Duties	Responsible for provided safe and optimized Geotechnical design recommendations to cross check support design, calibrate & optimize the Numerical model. Supervise implementation of design specifications for construction using NATM. Review Geotechnical reports and maps of tunnel excavation. Design of suitable measures for prevention of Slope protection/Landslide/Rockfall/ Slope stability/ River protection. Preparing Geological mapping of the area. Geotechnical investigation by conducting boreholes in soil/ rock including visual observation soil and rock testing. Geological and geotechnical investigations; instrumentation and monitoring plan; supervision of construction for tunnels, underground stations, track laying works, launching and retrieval shafts. Review of drawings, method statements and construction plan with respect to ground conditions
